LabStar Marketing Website

LabStar's comprehensive software also includes:

- Hassle-Free IT
LabStar updates itself automatically so you're never worried about upgrading equipment or software.
- Secure Client Portals
Extend your lab into your clients' offices with real-time updates to case status & lab.
- Easy Scheduling and Tracking
Get instant insight into your case volume, bottlenecks, and more!
- Integrations
Integrate with some of your favorite software and more!
- Outstanding Support
Get in touch by chat, email or phone. Help is available 24/7.

Organize your business

No one likes organizing their lab. We make it easy. Rely on LabStar's user-friendly and intuitive design to manage all the scheduling and administrative details related to case management.

See how case scheduling works

Transform client relationships

Become indispensable to your clients with better communication, faster service, paperless billing, and punctual deliveries. Multiple communication channels but with less work than before.

See how client portals improve client communication

Work from anywhere

Access your LabStar account from your desktop, tablet or mobile. Rest assured your data is secure and backed up multiple times each day.
